

OCTOBER 2026 | INAUGURAL EDITION

Hello, friends and neighbors! I'm excited to share what we're building together. At Community MPACT, we believe love is active - and every helping hand, every gift and every act of kindness makes our community stronger. I hope you'll join us this season!

Three ways to celebrate, serve and make a difference

With A.M. Story Intermediate School
PTO at 5300 TX-256 Loop. Family fun,
youth booths and early-bird tickets: 25
for \$10.

Our 15th annual drive brings warmth and personal-care essentials to nursing home residents and neighbors in need.

Our 4th annual free Thanksgiving meal with Palestine Regional Medical Center. Reagan Park is tentative; all are welcome.

We're modernizing communityimpact.org to better share our work, community stories, events and ways to partner. The redesign is underway, and we look forward to welcoming you to the updated site.

A Boys & Girls Club for Palestine and Anderson County remains an important vision. Our young people deserve safe places to learn, grow and discover what's possible. We're pursuing partnerships to help make it real.

You don't have to make a big donation to make a big difference. Volunteer at an event, help serve meals, contribute supplies, offer a skill, or connect us with a potential partner. Whatever you can do, we welcome you.

We're pursuing grant and sponsor partnerships to help this work grow.

Coming in 2027: We're planning for Black History Month. Gala details to come!
